EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel non-elected claims 12, 14-20.

The following is an examiner's statement of reasons for allowance: Note was made of the combination of "<u>impact</u>" (line 3) with remaining claim limitation. Watson's rollover detector system is not an "impact" sensor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Please note that the remarks filed 9-18-07 appear to be missing page 4. As Claim 11 is allowable for the reason provided above, this Notice of Allowability was proper. Applicant may consider submitting the missing page, though that is not necessary.
